

*The Royal Danish Yacht Club is looking very much forward to host the J80 Worlds next year and preparations are already well under way. J80 sailing is a very fundamental part of the Club.*

The event will take place at Rungsted Harbour app 15 km north of Copenhagen center. This harbour is one of 3 stations that RDYC runs and it is the station where the club have its J80 fleet. So J80 sailing in this part of the Oeresund is huge.

It is the intention to have all the boats moored in the same basin close to the clubhouse and race office. And as you can see in the NOR social activities is an important part of the regatta.

The event site is already up and running at [www.J80worlds2021.com](http://www.J80worlds2021.com) and we will gradually upload relevant information the coming months.

NOR in a preliminary version is available - and this preliminary should be very close to the final that will be uploaded not later than February 1st.

**ENTRY**

The Entry module - which is run by [Manage2Sail.com](http://Manage2Sail.com) - is also active, so if you want to take part our best advice is to register and pay ASAP. Be aware that apart from registration of the boat and the crew you will be able in the merchandise module to order mooring facility for Ribs/coaches and tickets for spouses and shore crew to take part in the social program

You don't have to do all in one sequence you can come back and adjust and add orders or change information.

The event will be run as a sustainability regatta meaning among other activities that we will work hard to minimize paper and try to make as much run electronical.

And when you are not on the water there will be a lot of social activities at or close to the harbour and Copenhagen is fantastic in July - just to mention Tivoli, Canal Touring, Elsinore Castle, Nyhavn and Bakken. And for those not sailing Copenhagen shopping is world famous.

Event mail will be [J80worlds@kdy.dk](mailto:J80worlds@kdy.dk)
